BACHELOR'S PROGRAM

WHO WE ARE

ROAR Academy is a unique online global school that seeks to raise up modern-day reformers and revivalists. The academy firmly believes that revival and reformation starts with the individual through intimacy with God, and we aim to bolster this belief by offering courses on identity, leadership, and following the Holy Spirit. Additionally, we prioritize the value of relationship with God and with one another. We believe that reformers are not meant to walk alone, but are born for community and partnership. Our goal is to raise students to impact nations through discipleship by fulfilling the Great Commission. We also offer mentorship programs to further foster the growth of our students in their respective fields of interest. This is done by pairing them with experienced professionals who can offer guidance and support. Furthermore, the academy provides students with ample opportunities to put their knowledge into practice through mission trips and community service projects. These experiences are designed to challenge each student and help them grow in their faith and leadership skills. Overall, ROAR Academy is a wonderful place for students who are passionate about their faith and desire to make a positive impact in the world.
